Soft Skills

- Attention to Detail
- Adaptability
- Time Management
- Teamwork

Certifications

Full stack Web
development
Masai School

Pawanraje Kadam

Full Stack Web Developer

Professional Summary

Driven Full Stack Web Developer with 1.5 years of hands-on experience in building dynamic web applications using the MERN stack. Skilled in both front-end and back-end development, adept in collaborative and solo project environments. Strong problem-solving, communication, and project management skills.

Experience

Hana Software, Inc | Full stack developer March 2023 - September 2024

- Developed and maintained user-facing features using React.js, ensuring responsive design and cross-browser compatibility.
- Collaborated closely with back-end developers to integrate APIs and ensure smooth data flow between the front-end and back-end systems.
- Conducted thorough debugging and testing, resolved complex bugs, and ensured the stability and reliability of the web applications.

Projects

Cloud Kitchen [Live Demo Link](#) [Github Repo Link](#)

JavaScript Redux React Git Node.js

Express.js MongoDB RESTful APIs HTML5

- Developed a full-stack application utilizing React for the frontend and Node.js with Express.js for the backend.
- Implemented MongoDB for efficient database management, allowing seamless order processing and user authentication.
- Integrated secure payment processing with Razorpay and created a responsive user interface using Tailwind CSS and Framer Motion.

Url Shortner [Live Demo Link](#) [Github Repo Link](#)

JavaScript Redux Git Node.js React MongoDB

RESTful APIs Express.js Responsive Web Design

- Built a URL shortener service using Node.js, Express.js, and MongoDB for efficient backend operations.
- Implemented features for URL conversion, redirection, and click tracking with a frontend interface built in React.
- Ensured application was responsive and included comprehensive user interface components and functionalities.
